Web-based Material Transfer Agreement and Nondisclosure/Confidentiality Agreement Request Procedure

Welcome to UGA’s online Material Transfer Agreement (MTA) Request / Confidentiality or Non-Disclosure Agreements (CDA/NDA) Request system.

Innovation Gateway uses the Sophia database to track and manage all aspects of its technology transfer activities. Sophia offers the capability to initiate MTAs and NDAs/CDAs online. Your Request for Material Transfer Agreements and Non-Disclosure/Confidentiality Agreements is entered directly into Sophia upon submission and approval by Innovation Gateway. You will receive an acknowledgment email from Innovation Gateway contracts team at igcontracts@uga.edu, indicating that your Request Form has been received and approved. From there, the Contracting Officer will review your request, draft or negotiate your request with the other party, as needed, and provide you with the signed agreement.

Sophia will also offer you the ability to review the current status of your MTA or NDA/CDA as it moves through Innovation Gateway to full execution.

We hope this online service will provide quick, convenient, and easily accessible information regarding your MTA and NDA/CDA requests. If you have any questions or comments about matters pertaining to this process or your submission, the point of contact is igcontracts@uga.edu.
