The documentation needs to be translated into English if applicable. If you have not received official acceptance then submit your application by uploading any supporting documentation (a paragraph explaining the situation, email correspondence with conference organizers, receipt of abstract submission, etc.). If awarded, the funds will be contingent on receipt of the official acceptance or invitation.

For a professional development event: copy of your registration.

UPLOAD - Curriculum Vitae. Most up-to-date version of CV.

UPLOAD – For presenting at a conference - Abstract of research being presented. Abstract of research being presented (or other description of the presentation in the case of a performance). For professional development event – Program/workshop description or training/class syllabus or schedule.

Evaluation and Selection Process

- Eligible conferences are formal events where researchers/scholars present results, give performances and other scholarly activities.
- Professional development events are those where the main goal of participation is to learn new skills and/or further development skills to helps you grow and succeed in your career path. These can include formal workshops and training programs.
- Requests will be evaluated competitively, with priorities based on (a) the scope of the meeting and (b) the scope of the individual's participation. For example, international conferences and oral presentations will be given priority. Attending conferences as a non-presenting general participant does not qualify as a professional development event.
- It is important to communicate the merit of your participation to the reviewers.

Award Procedures and Conditions - I have been awarded. Now what do I do?

- Claiming funds: The award amount will be transferred to your unit. The funds will be Indirect Cost Return (F15000) funds and will be budgeted to the financial Department ID provided in your application. You may work with your business office to seek reimbursement for your travel expenses up to the award amount.
- Any unused award funds should be returned to the Office of Research.

Frequently Asked Questions:

- **I need to apply for assistance but I will not have my documentation of participation until after the Foreign Travel application deadline for my travel dates. What should I do?** Try to get at least an email correspondence regarding your participation in the conference. If that is not possible, go ahead and submit your application with a note explaining the situation and you will submit your documentation when you receive it. If awarded, you will be required to provide the documentation before you can access the award.

- **What happens if I miss the deadline?** You will be able to submit in the next cycle by the posted deadline once the next cycle’s InfoReady competition form opens.

- **If I am awarded, what is the process for using the funds for my travel?** See the "Award Procedures and Conditions" section of the guidelines. Your award communication will also contain instructions and guidance.

- **I have already submitted a Travel Authority for this trip on a different Chart String than the one in my award letter. May I use the existing Travel Authority or must I submit a new one?** You may use an existing Travel Authority as long as it is the same trip. There is no need for a new one.

- **I have already received reimbursement from another source. How may I utilize this award?** Contact your unit’s Business Manager about procedures in this instance.

- **Why was I not funded?** The Postdoc Travel Program is a competitive program with limited funds. Applications are reviewed on the caliber of the meeting and the significance of the individual’s participation. Because of the limited funds we are only able to fund a limited number based on the priority scores.
