<sup>1</sup> Academic Department is the department where an investigator's salary line and academic appointment is held. The dollar amount listed here is derived directly from the percent credit identified by investigator(s) on the Proposal Transmittal Sheet.

<sup>2</sup> Persons with split academic appointments may attribute academic credit to more than one department. Check lists under all relevant departments and centers/institutes to see the credit inventory for a given investigator.

<sup>3</sup> If the percentage in the Credit Column is less than 100%, the identified faculty member may be a co-investigator, and is not necessarily the principal investigator.

<sup>4</sup> Negative numbers reflect budget reductions from previous years.
