**REPORT 8 - SPONSORED AWARDS BY BUDGETARY/ACADEMIC UNITS
FOR PERIOD 07/01/2010 THROUGH 06/30/2011**

This table reflects all awards made to UGA and UGARF, and apportions them in two distinctly different ways. Budgetary Award figures reflect the full dollar value of each award managed by an identified unit. Academic Award figures reflect the Academic Credit contributed by PIs, co-PIs, and other senior project personnel. Each determines his/her individual intellectual contribution to the project, expressed as a percentage. This percentage is multiplied by the total dollar value of the award and this portion of an award is attributed to an identified unit (or units)---typically to the employee's academic department(s).
