GEORGIA

Pivot

Pivot is a grant-finding database funded by UGA's Office of Research

Pivot:

- Aggregates funding opportunities from sources all over the world
- Allows users to flag and set up alerts for grants
- Provides a searchable database of previously awarded grants
- Facilitates dissemination of research results through extensive conference database

Pivot, cont.

Login Instructions

- **Direct Link to Database:** <https://pivot.proquest.com/>
- **Creating an Account:** <https://pivot.proquest.com/register>
- **NOTE:** You will need to either be on campus *or* use your UGA email account to register.

Pivot is divided into two sections: **Funding** and **Profiles**. Funding allows searching and setting up alerts for funding opportunities, and Profiles allows you to "claim" your personal profile and update your information. You will need to create an account to use these features.
