Processing Postdoctoral Appointments in UGAJobs:
A Guide for Unit HR Administrators

Effective December 16, 2018, all postdoctoral positions will be processed and managed through UGAJobs using the Grad/Research/Student/Temp position type.

Key points:

• Check with your Dean/VP Office on the UGAJobs approval routing required within your college for new postdoc positions, postings and hiring proposals. Research Mentors/PIs/Supervisors are responsible to ensure they have applicable unit approval to create and appoint to a postdoctoral position.

• The Office of Postdoctoral Affairs (OPA) acts as the Sponsored Office within UGAJobs and must review and approve all postdoctoral positions, postings (direct hire/internal and searches) and hiring proposals. Upon OPA’s approval, OPA staff will submit the requests to Central Human Resources for their review and approval.

• As postdoctoral positions are processed and managed through UGAJobs, technical instructions and assistance may be located through the UGAJobs Training Library or you may contact UGA Human Resources (HR) staff members.

• **Important:** The checklist on the following pages outlines the basic steps to appoint/hire a postdoc in UGAJobs and only gives specific instructions for Office of Postdoctoral Affairs policy and procedure. Please make sure to check with Human Resources for any general UGA employment requirements and Office of International Education-Immigration Services (if applicable) regarding visa-related issues.

See Pages 2-3 for the checklist.
